

About Me: Lucy Chioma Aniagolu

Lucy Chioma Aniagolu is a passionate Nigerian entrepreneur, agribusiness educator, and digital learning expert. She is the founder of Agrodemy Technologies, Africa's first free online agribusiness school, and a Mastercard Foundation Scholar at Arizona State University where she's pursuing a Master's in Learning Design and Technologies. With 7+ years in youth and women agricultural empowerment, she's recognized globally for innovative agri-education solutions lucychioma.com

Business Name:

Agrodemy Technologies

Business Description:

Agrodemy is Africa's first free online agribusiness school helping individuals, farmers, and agribusiness owners learn practical skills, gain real-world training, and digitize their businesses. The platform provides:

- Free Online Agribusiness School
- Paid Physical Hands-on Training
- Agriculture Digitization Tools (ADT) Course + Professional Community

Vision Statement:

To build a future where African agribusiness is driven by knowledge, innovation, and empowered people — from farm to market, village to city.

Mission Statement:

To make practical agribusiness education accessible and affordable across Africa, empowering youth and entrepreneurs to build profitable, tech-driven businesses.
